Care and Maintenance
The care required for your new Convertible Lounge is no different from any other piece of fine furniture in your home. A soft damp cloth will easily clean your furniture. Avoid excessive moisture (especially from condensation forming on cold drinks).
As with all fine furniture, exposure to direct sunlight, over time, will lighten the finish.

Please contact Home Decorators Collection Customer Service at (800) 240-6047 for parts or other product issues.
